FLUSSO DEL QI INTERNO

FLUSSO DEL QI INTERNO

- Flusso regolare senza grossi ostacoli nella zona ingresso permette un flusso regolare e fluido in tutta la parte giorno della casa.

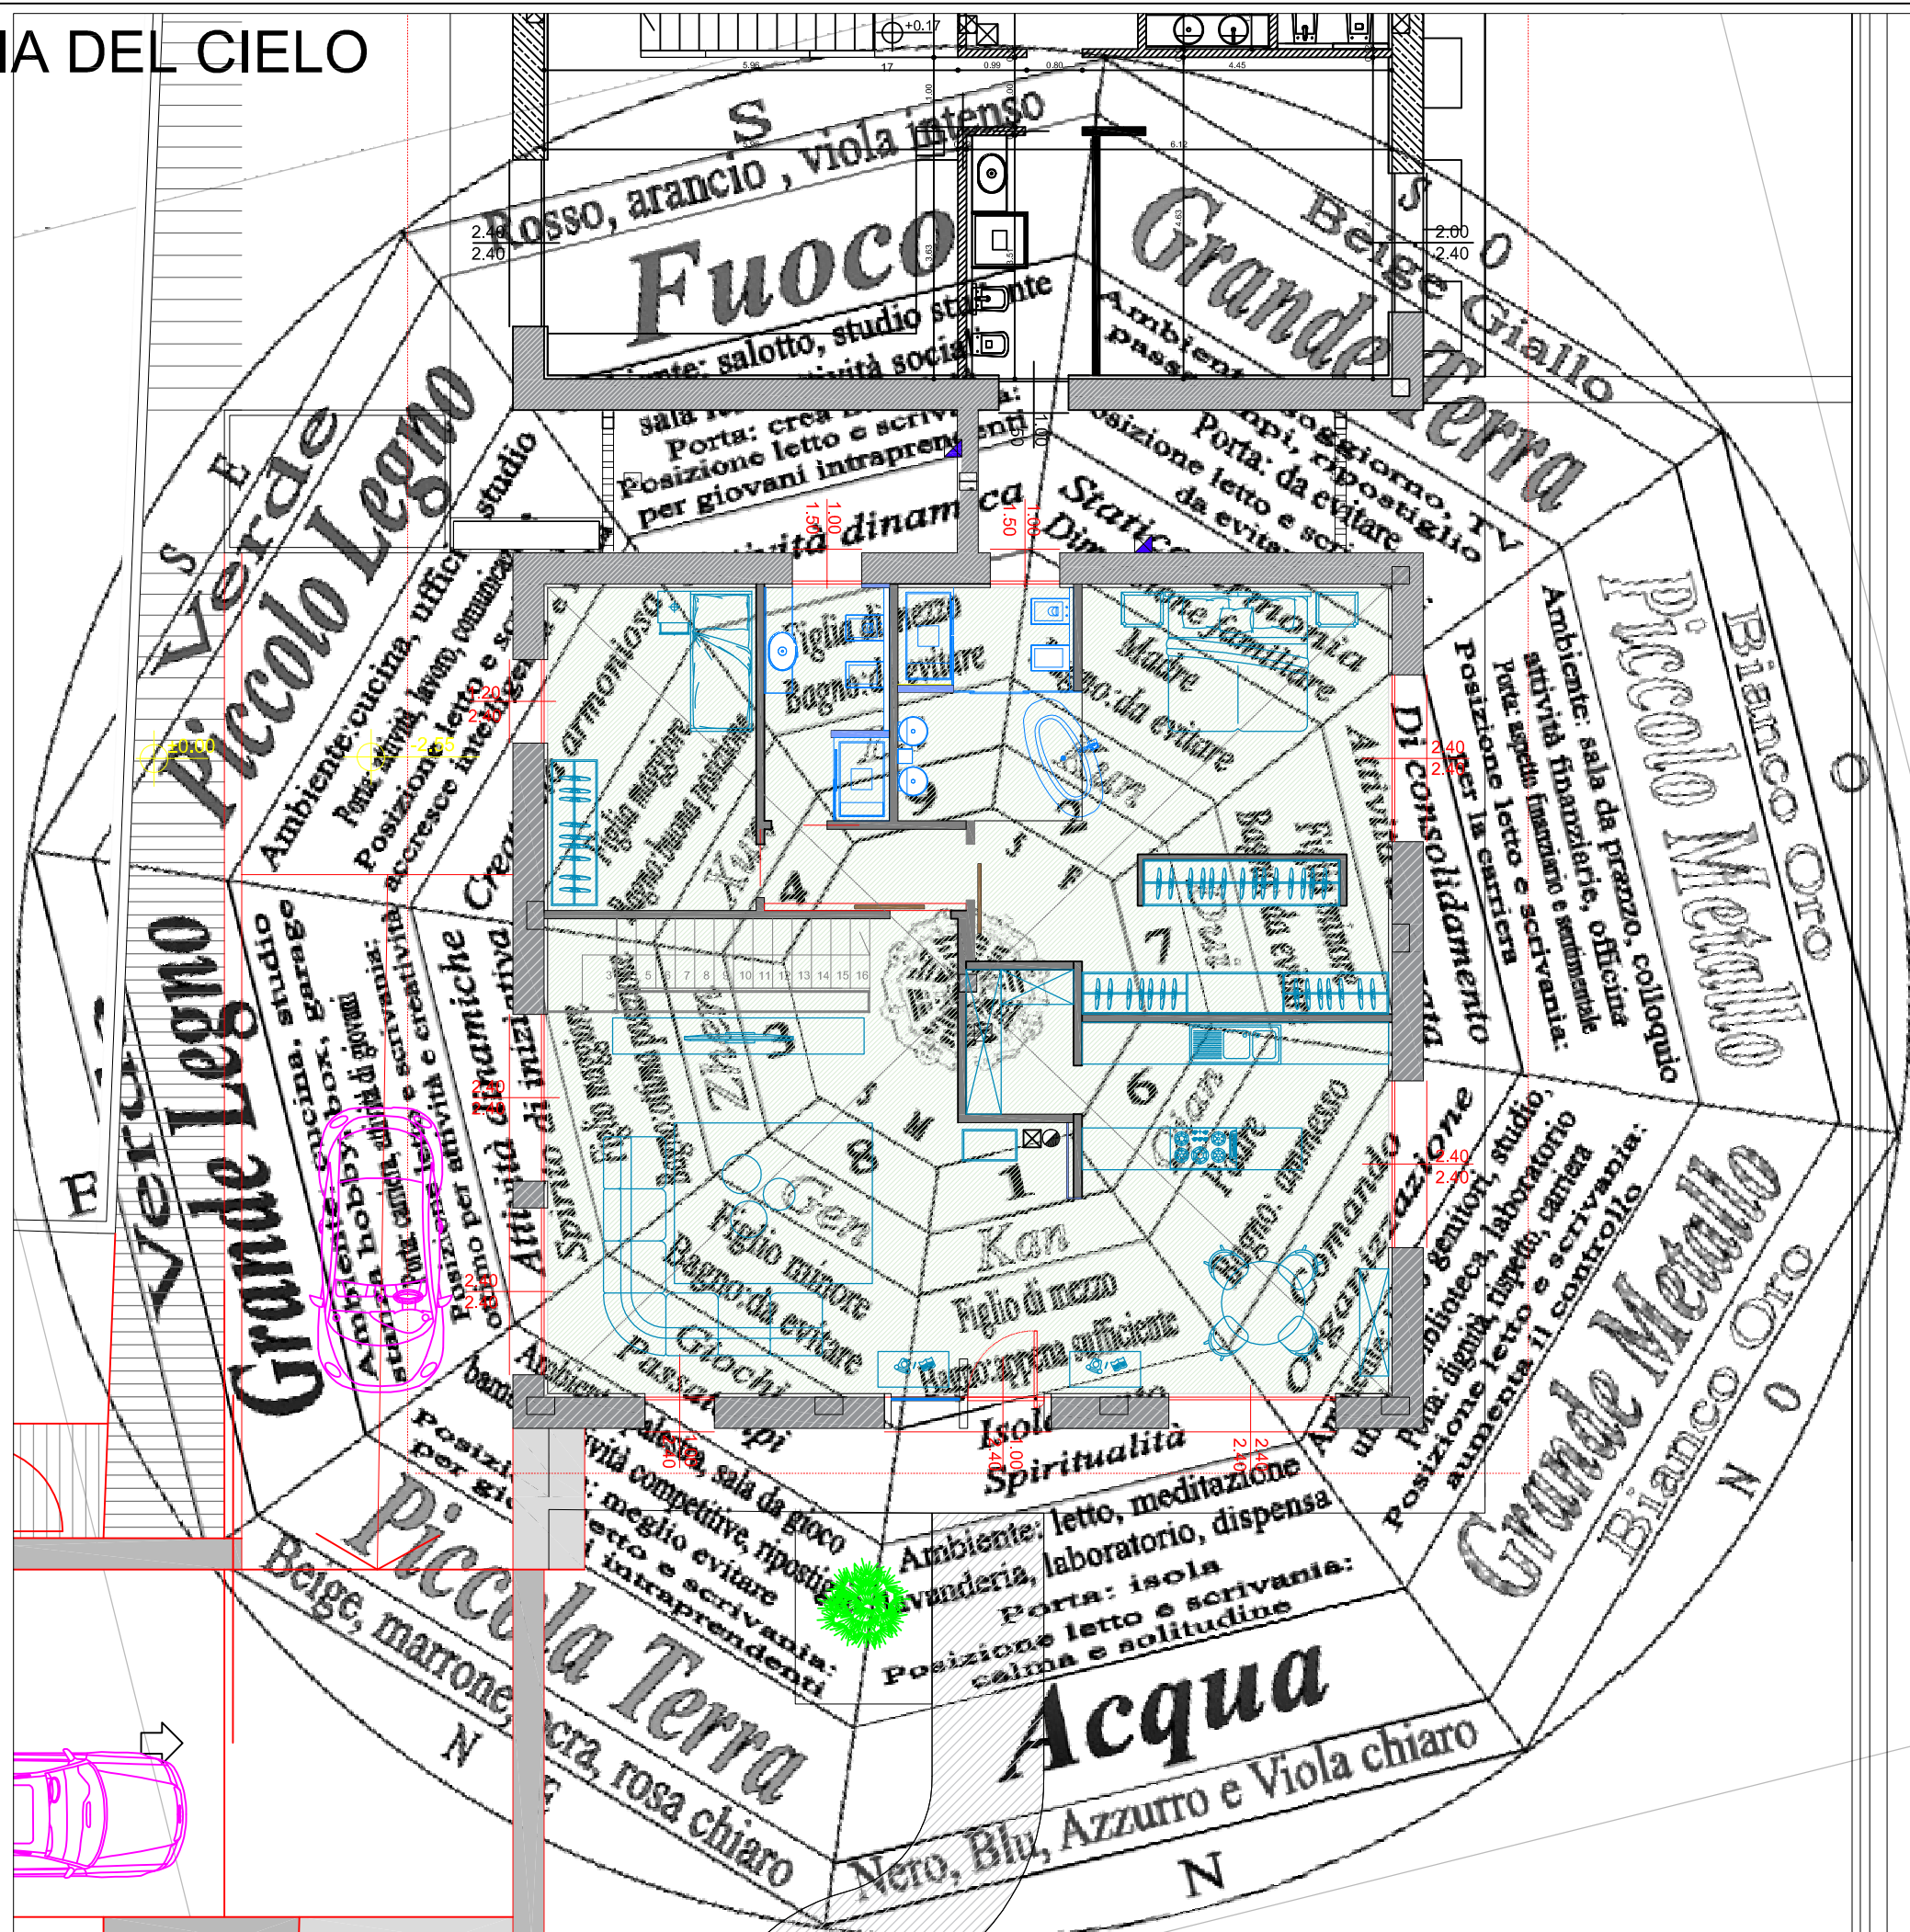

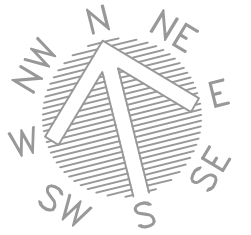

Un pò fermo il qi che si convoglia nella dispensa. Le porte finestre di tutta la zona giorno disperdono un pò di Qi. Abbiamo un pò di perdita nell'ingresso della zona notte con le scale che scendono in taverna che convogliano il Qi più rapidamente verso il basso a discapito della zona notte.

Zona notte comunque ben servita dal flusso con la parte più lontana e nella zona del letto matrimoniale..
